1. Introduction

The purpose of this document is to provide guidance on how to register and obtain \$TSTRAT coins to participate in the Stratis Test ICO.

The Stratis ICO Platform is a secure, customizable platform for you to host your own ICO's on the Stratis Blockchain Network. It has been developed from the ground up in C# and .NET Framework and is easily deployed within Azure.

Security is paramount; therefore, the platform does not store any coins or private keys on the hosting infrastructure.

The Stratis Test ICO is a demonstration of the Stratis ICO Platform to showcase the technology and product we plan to deliver to market soon.

This instance of the Stratis ICO Platform will be available for two weeks and we welcome your support in testing the platform and provide any respective feedback.

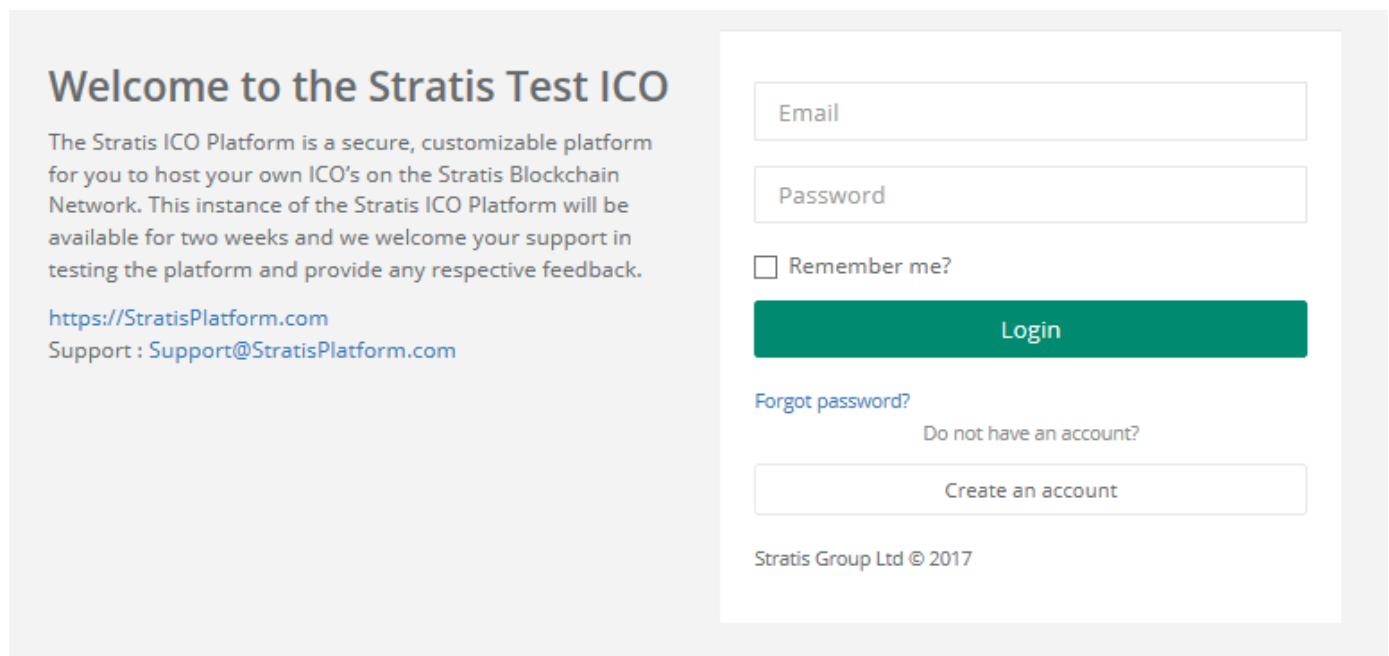

2. ICO Registration

To participate in the Stratis Test ICO a user account needs to be created. This account will allow you to login to the ICO Platform and in addition it will also generate you a wallet that will be used to distribute tokens once the ICO has ended.

i. Step 1 - ICO Home Page

Click the below URL to navigate to the Stratis Test ICO home page.

<https://testico.stratisplatform.com>

Create an account

Stratis Group Ltd © 2017

Click on the “Create an account” button to be directed to the Registration page.

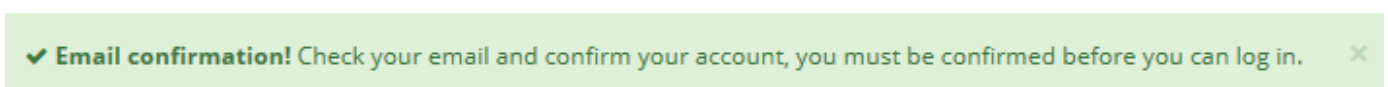

ii. [Step 2 – Create an Account](#)

Complete the required fields within the Registration Page to successfully register for an account.

The screenshot shows a registration form titled "Register" with the subtitle "Create an account to purchase the Stratis Test ICO". The form contains three input fields: an email field with "ICO@StratisPlatform.com" and a green checkmark, a password field with masked characters and a green checkmark, and a second password field with masked characters and a green checkmark. Below the fields is a checkbox labeled "Agree to the terms and conditions" which is checked. A green "Register" button is positioned below the checkbox. Underneath the button is the text "Already have an account?" and a white "Login" button. At the bottom of the form, the text "Stratis Group Ltd © 2017" is displayed.

If successful, you will be presented with the below confirmation message.

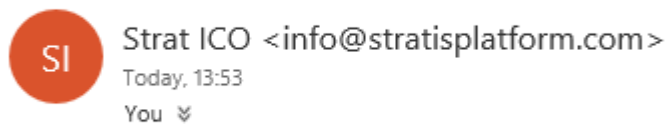

iii. Step 3 - Registration Confirmation

To complete the registration process, for security purposes, an email is sent to the email address you provided during the registration.

Within the email is an activation link, your registration can be completed by clicking the link in the email. Below is an example of the email which you will receive.

Confirm your account

Please confirm your account by clicking [here](#)

After clicking the link within the confirmation email, you will be presented with the below success message. This completes your Stratis Test ICO Account Registration.

✔ **Email confirmation!** Thank you for confirming your email. You can log in now.

3. ICO Account

At this stage, you now have an account registered with the Stratis Test ICO, the next step is to login via the ICO Home Page. Enter your credentials that were used during the registration phase and click the “Login” button.

Confirm new password

Change

4. Enabling Two-Factor Authentication (2FA)

Upon first accessing your account, it is recommended you visit the Account Security page to enable two-factor authentication (2FA).

Once in the Account Security page, click the “Enable” button next to the “Two Factor Authentication is Disabled” text. This will begin the two-factor authentication enablement process.

[Change your account settings](#)

For extra account security, you can turn on two-factor authentication (2FA).

Two Factor authentication is disabled

 Enable

i. [Step 1 – Download Google Authenticator](#)

Download the Google Authenticator application to your mobile device. The application can be obtained by clicking one of the below images or by visiting the respective application store.

ii. [Step 2 – Add your Unique Code](#)

Within the Google Authenticator application on your mobile device, you can either:

- Scan the QR Code on the Account Security web page
- Enter the Manual Code on the Account Security web page

Below is an example of the QR Code and Manual Code that will be displayed.

Manual Code:

G5TDINLDHFSDMNZUGU2TINRQJQTKNRRMI4GEY3FGM2DSYLBGI4Q

Note! This code changes each time you enable 2FA. If you disable 2FA this code will no longer be valid.

Once added, you will be presented with a 6-Digit Code. This is your secondary authentication code which will be required for any subsequent logins to the Stratis Test ICO, in addition to your username and password.

680 242

iii. [Step 3 – Validate with Google Authenticator Token](#)

Enter the 6 Digit Code displayed within your Google Authenticator application on your mobile device into the “Code” text field on the Google Two Factor Authentication setup page. Ensure there are no spaces.

Enter the 6 digit code that Google Authenticator generates to verify the process.

Code

Enable

Click the “Enable” button to complete the process, this will be confirmed by the below message.

✓ Two factor authentication(2FA) enabled successfully

iv. [Step 4 – Two-Factor Authentication Complete](#)

Once the two-factor authentication has been enabled, subsequent logins to the ICO Platform will require you to enter your 6-Digit code from the Google Authenticator application.

Login with Google Two Factor Authentication

You have 2 factor authentication enabled.

Please Enter Your Google Authenticator Six-Digit Code

Code

Submit

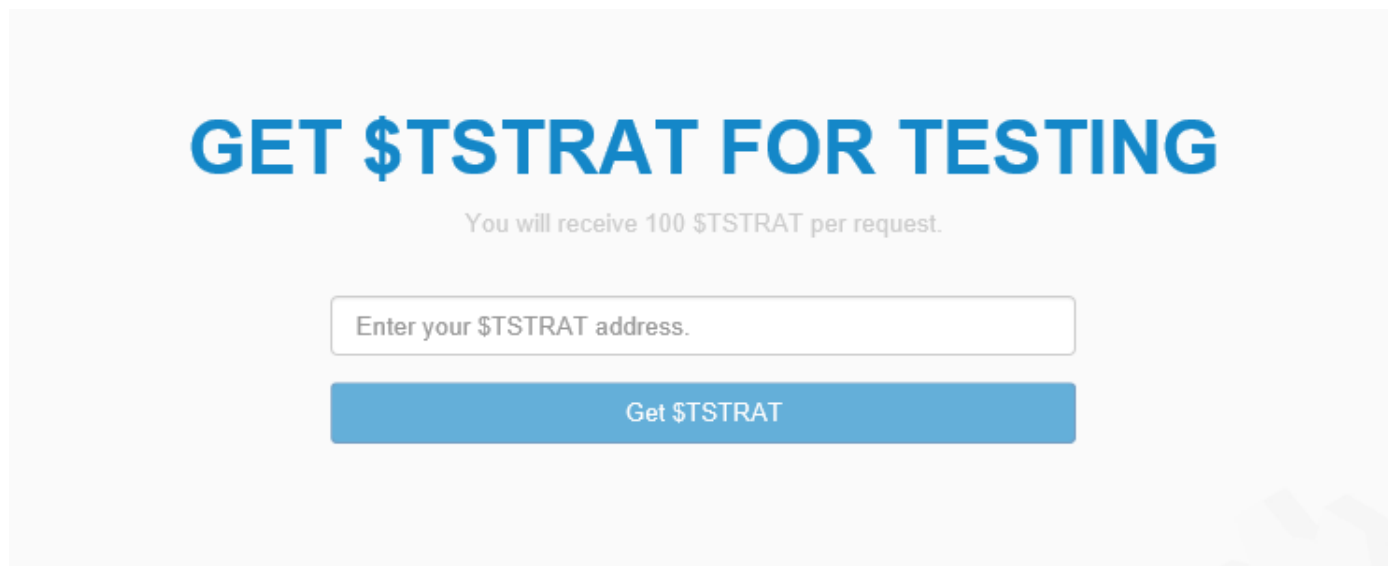

5. Investing in the Stratis Test ICO

There are a few methods that can be used to invest \$TSTRAT in the Stratis Test ICO. This document will focus on obtaining \$TSTRAT utilizing the Stratis Faucet.

i. Step 1 - Obtaining \$TSTRAT from the Stratis Faucet

The Stratis Faucet can be accessed via the below link.

<https://faucet.stratisplatform.com>

The screenshot shows a web interface for the Stratis Faucet. At the top, it says "GET \$TSTRAT FOR TESTING" in large blue letters. Below that, it says "You will receive 100 \$TSTRAT per request." There is a text input field with the placeholder text "Enter your \$TSTRAT address." and a blue button labeled "Get \$TSTRAT".

The Stratis Faucet will deposit 100 \$TSTRAT into the address entered in the “Enter your \$TSTRAT address” field.

Simply enter the participation address from your ICO Account Dashboard.

To participate, send \$TSTRAT to the following address

TNNM3WmYCPczs6DAAdB5ZbDXZUcmDKKHPa

GET \$TSTRAT FOR TESTING

You will receive 100 \$TSTRAT per request.

TWRJmWLSjCTrh7tRmdJNps1mPUJcfRDDBa

Get \$TSTRAT

Click the “Get \$TSTRAT” button and a confirmation will be provided below.

Success! Click here here to track your transaction.
Please note, there may be a short delay for the transaction to be visible.

You can click “Click here” button to view the status of the transaction on the CryptoID Stratis TestNet Block Explorer. The transaction will require at least 1 confirmation before being reflected on the Account Dashboard.
